

2023 AUSTRALIAN JUNIOR CHESS CHAMPIONSHIP

PROBLEM SOLVING

U12 MELBOURNE

NAME: _____

AGE GROUP (circle):

DATE OF BIRTH: _____

U8 (born 2015 or after)

U10 (born 2013 or after)

U12 (born 2011 or after)

(circle) : BOY GIRL

You will have up to **2 hours** for the problem solving paper. You may not need all that time. The questions are ordered according to estimated difficulty, easiest first. It is recommended to start at the beginning and work through in approximate order. You will be able to use your chess board and pieces to assist in your answers.

Please write your solution in the space provided below the diagram. For endgame questions, go far enough to reach a clearly winning, or drawing, position. Partial answers may receive partial credit. The marks allocated to each question is listed in the paper and totals **100**.

Solve as many problems as you can, but there is no expectation that you will solve them all!

Question 1

White to play and win this pawn ending. Show the next 4-6 moves that creates the win. [2 marks]

Answer:

Problem 1 - U/12,2 points 1-0

AJ Prob.Solve (1) 01.01.2023 [Johansen,Darryl]

White play and win this pawn ending. Show the next 4-6 moves that creates the win.
